Index of volume 59 (2002)

Key: (C) = correspondence; (CE) = continuing education; (CR) = conference report; (E) = editorial; (I) = Insight; (LA) = leading article; (R) = Retrospective

Index of subjects

A

Adolescents
Adolescents’ food-related beliefs and behaviours: A cross-sectional study. Nowak M, Büttnner P. 2002;59(4):244–52

Adults

Aged

Athletes

B

Bioelectrical impedance

Body composition
Serum ferritin concentration and fat distribution (C). Peach HG, Barnett NE. 2002;59(3):210

Body mass index
The need for appropriate BMI cut-off values to define obesity among Asians (E). Deurenberg-Yap, M. 2002;59(4):231–2

Book reviews
Adverse reactions to food. (Truswell S). 2002;59(3):214
Artificial nutrition support in clinical practice. (Strauss BJJ). 2002;59(2):158
Can’t lose weight? You could have Syndrome X. (Saxelby C). 2002;59(3):215–6
Eat to live. (Lyons-Wall P). 2002;59(4):266
FoodScan 2000. (Deakin V). 2002;59(3):213

Cancer

Carbohydrate, dietary
The type and frequency of consumption of carbohydrate-rich foods may play a role in the clinical expression of insulin resistance during pregnancy. Gillen L, Tapsell LC, Martin GS, Daniels S, Knights S, Moses RG. 2002;59(2):135–43
Cardiovascular disease

Children

China

Conference reports

Constipation

Continuing education
Fat-soluble vitamins. 2002;59(2):152–4
Food Standards Code—labelling. 2002;59(3):203–4

Cystic fibrosis

Diabetes, gestational
The type and frequency of consumption of carbohydrate-rich foods may play a role in the clinical expression of insulin resistance during pregnancy. Gillen L, Tapsell LC, Martin GS, Daniells S, Knights S, Moses RG. 2002;59(2):135–43

Dietary fibre

Dietary guidelines

Dietetic practice
A bright future for dietitians—where is the evidence? Daniels LA. 2002;59(1):29–37

Dietitians’ knowledge and perceptions of changes to food labelling in Australia. Lidgard D, Yeatman H. 2002;59(3):181–6

Research and teaching in nutrition and dietetics (C). Tapsell LC. 2002;59(2):155

University-initiated strategies to increase supervisory capacity and benefits associated with dietetic student supervision—perceptions of dietetic placement sites. Hughes R. 2002;59(3):191–4

Dietetics, Asian

The need for appropriate BMI cut-off values to define obesity among Asians (E). Deurenberg-Yap, M. 2002;59(4):231–2
Dual energy x-ray absorptiometry

E
Editorials
The need for appropriate BMI cut-off values to define obesity among Asians. Deurenberg-Yap, M. 2002;59(4):231–2
Tackling the obesity epidemic—is nutrition the missing ingredient? Crawford D. 2002;59(3):172
Evidence-based nutrition
A bright future for dietitians—where is the evidence? Daniels LA. 2002;59(1):29–37
Evidence-based nutrition (E). Truswell S. 2002;59(1):7–8
The importance of evidence-based dietetics (C). Riley M. 2002;59(2):155–6
Evidence-based practice
A bright future for dietitians—where is the evidence? Daniels LA. 2002;59(1):29–37
F
Falls
Ferritin
Serum ferritin concentration and fat distribution (C). Peach HG, Barnett NE. 2002;59(3):210
Food habits
Adolescents’ food-related beliefs and behaviours: A cross-sectional study. Nowak M, Büttner P. 2002;59(4):244–52
Food habits and family
What does research on families and food tell us? Implications for nutrition and dietetic practice. Coveney J. 2002;59(2):113–9
Food labelling
Dietitians’ knowledge and perceptions of changes to food labelling in Australia. Lidgard D, Yeatman H. 2002;59(3):181–6
Food Standards Code—labelling (CE). 2002;59(3):203–4
Food science
Food services, hospital
G
Glycaemic index
The type and frequency of consumption of carbohydrate-rich foods may play a role in the clinical expression of insulin resistance during pregnancy. Gillen L, Tapsell LC, Martin GS,Daniells S, Knights S, Moses RG. 2002;59(2):135–43
Health promotion
Workplace health promotion—good science, but in public health terms, are we re-visiting the Emperor’s New Clothes? (LA). Bauman A. 2002;59(2):77–8
Hyperemesis
Hypertension
Wrong messages about black salt (C). Beard TC, von Witt RJ. 2002;59(3):210–11
Infant feeding
Professional viewpoint—WHO should we believe? (C). Allen J. 2002;59(2):156
Insights
J
Journal
Citation of Nutrition & Dietetics (C). Riley M. 2002;59(2):156
Leading articles
Workplace health promotion—good science, but in public health terms, are we re-visiting the Emperor’s New Clothes? Bauman A. 2002;59(2):77–8
Letters to the Editor
Citation of Nutrition & Dietetics. Riley M. 2002;59(2):156
Professional viewpoint—WHO should we believe? Allen J. 2002;59(2):156
Research and teaching in nutrition and dietetics. Tapsell LC. 2002;59(2):155
**Nutrient intake and anthropometric characteristics of older Victorians.** McCarty CA, MB. A comparison of bioelectrical impedance and near infra-red absorbance for the determination of body fat. Batterham M, Tapsell LC, Jenkins A. 2002;59(2):120–6

**Lipids**

**Lipoproteins**

**Long-day child-care centres**

**Nutrient intakes for young children:** Implications for long-day child-care nutrition recommendations. Radcliffe BC, Cameron CV, Baade PD. 2002;59(3):187–90

**Malnutrition**

**Methodology, menu assessment**

**Nutrient intakes for young children:** Implications for long-day child-care nutrition recommendations. Radcliffe BC, Cameron CV, Baade PD. 2002;59(3):187–90

**Nutrition education**

University-initiated strategies to increase supervisory capacity and benefits associated with dietetic student supervision—perceptions of dietetic placement sites. Hughes R. 2002;59(3):191–4

**Nutrition labelling**

**Nutritional assessment**

**Nutritional screening**

**Obesity**
The need for appropriate BMI cut-off values to define obesity among Asians (E). Deurenberg-Yap, M. 2002;59(4):231–2

Tackling the obesity epidemic (C). Stubbs C. 2002;59(4):265

Tackling the obesity epidemic—is nutrition the missing ingredient? (E). Crawford D. 2002;59(3):172

**Obituary**

**Pancratic enzymes**

**Partnerships**

**Physical activity**

**Pregnancy**

**Problem-based learning**
Public health

Workplace health promotion—good science, but in public health terms, are we re-visiting the Emperor’s New Clothes? (LA). Bauman A. 2002;59(2):77–8

Recommended dietary intakes

Research
A bright future for dietitians—where is the evidence? Daniels LA. 2002;59(1):29–37

Research and teaching in nutrition and dietetics (C). Tapsell LC. 2002;59(2):155

Retrospective

Sodium chloride
Wrong messages about black salt (C). Beard TC. 2002;59(3):210–1

Tea

Thiamin

Vitamins, fat soluble
Fat-soluble vitamins (CE). 2002;59(2):152–4

Weight management

Tackling the obesity epidemic (C). Stobbs C. 2002;59(4):265
